To the Customers as addressed

Dear Sir / Madam,

Black Diamond Solar Pty Ltd (In Liquidation)
ACN 660 547 491
ABN 84 660 547 491 ("the Company")

Following a general meeting of members of the Company held on 30 September 2026, I, Andrew McCabe, was appointed as Liquidator of the Company. I enclose a copy of the ASIC Form 505 as evidence of my appointment.

The Company ceased trading prior to my appointment on 30 September 2026 and is no longer providing solar installation, monitoring, servicing, maintenance, or warranty services.

Existing contracts and warranties

For the avoidance of doubt, the Liquidator has not adopted any contracts or liabilities of the Company existing at the date of my appointment.

Neither the Company nor the Liquidator are able to:

- complete outstanding installations;
- provide or honour warranties;
- undertake servicing or maintenance;
- provide back-to-base monitoring; or
- arrange for those services to be provided by another party.

Customers requiring assistance with their solar photovoltaic or battery systems should contact the third-party provider and make their own arrangements. Any arrangement made with an installer, manufacturer or other service provider will be between the customer and that third party and will not be an arrangement with the Company or the Liquidator.

Customer Claims

Customers who paid deposits or other amounts for services that were not provided may have an unsecured claim against the Company.

Customers who consider they have a claim should complete and return a Formal Proof of Debt Form, together with supporting documents such as:

- the customer contract or quotation;
- invoices and evidence of payment;
- correspondence with the Company;
- installation records; and
- details of the goods or services that were not provided.

Any claim submitted will be subject to formal adjudication by the Liquidator.
