

MEDIA RELEASE

30 March 2026

Click Frenzy Pty Ltd and Power Retail Pty Ltd (Both in Liquidation) (Both Receivers and Managers Appointed) Expressions of Interest by 10 April 2026

Andrew McCabe and Chris Johnson of Wexted Advisors were appointed as Receivers and Managers of both companies on 30 March 2026, following Adam Cormack and Frank Lo Pilato of RSM Australia appointment as Liquidators.

Click Frenzy and Power Retail are well-known operators within Australia's digital retail and e-commerce sector, with combined estimated annual revenue of approximately \$7 million.

The appointment follows the recent online travel event, where revenue has been negatively impacted by the US / Iran conflict, contributing to the cashflow challenges. Note this does not affect consumers who may have made bookings during the event, as any bookings are made directly with the travel service provider, not Click Frenzy.

The Receivers are continuing to operate the businesses while an urgent sale campaign is undertaken for the businesses and assets of both businesses.

“Our immediate focus is stabilising operations while we assess the financial position of the companies,” said Andrew McCabe of Wexted Advisors. “We understand the Director has already commenced the sale process and encourage any interested party in Click Frenzy or Power Retail, to contact Wexted Advisors to access the data room and discuss the opportunity to acquire the businesses and their assets.”

Interested parties are advised non-binding indicative offers are due 10 April 2026. Further details of the sale process are available on the Wexted Advisors website www.wexted.com.au.
